Notice Regarding Differences between the Consolidated Earnings Forecast and Actual Results for the Second Quarter (Interim Period) of the Fiscal Year Ending March 31, 2027

Central Sports Co., Ltd. (the "Company") hereby announces the differences between the consolidated earnings forecast for the second quarter (interim period) of the fiscal year ending March 31, 2027, previously announced on May 13, 2026, and the actual results announced today.

1. Differences between the Forecast and Actual Results for the Second Quarter (Interim Period) of the Fiscal Year Ending March 31, 2027 (April 1, 2026 – September 30, 2026)

(Million yen, unless otherwise stated)

	Net Sales	Operating Profit	Ordinary Profit	Interim Net Income Attributable to Owners of Parent	Interim Net Income per Share(Yen)
Previous Forecast (A)	24,350	1,320	1,130	620	55.35
Actual Results (B)	24,387	1,558	1,383	1,172	104.72
Change (B-A)	37	238	253	552	
Percentage Change (%)	0.2	18.0	22.4	89.2	
(Reference) Previous Interim Results	24,301	1,171	955	578	51.61

2. Reasons for the Differences

During the current interim consolidated accounting period, interim net income attributable to owners of the parent exceeded the previously announced forecast. This was due to factors such as strong membership numbers supported by active facility renovations, as well as the recording of a special dividend resulting from the sale of assets held by an investee company of a consolidated subsidiary.

The consolidated earnings forecast for the full fiscal year remains unchanged, as there is a possibility that additional costs may arise depending on the future business environment. Should any revisions to the forecast become necessary, the Company will promptly disclose them.
